

2008 ATA All-American teams

(based on 2007 performance)

ATA All-American team selections were made based on the All-American Awards Point System and criteria on pages 36-38 of the February 2007 issue of TRAP & FIELD. Team members are listed in order of achievement.

In its first year of implementation, the new All-American Points calculation program work is ongoing, and some team members' point totals have shifted since the teams were announced in the February issue. Two shooters were added to the PVA/ATA team.

Following are the current standings and points as of press time for this issue. For any updates, see the ATA website (www.shootata.com) and future issues of TRAP & FIELD Magazine.
