ATA VERIFIED TARGET MANUFACTURERS FOR REGISTERED COMPETITION

Brightwing

CCI International

Corsivia

Eurotarget

Laporte

Lawry

Midwest

Vivaz

White Flyer

The ATA does not approve targets for registered use. If a manufacturer wishes to submit certified lab results verifying size and weight as required by the Official ATA rules, they will be listed on the website. There are likely many more brands of targets manufactured that are acceptable for ATA registered use which we have not been asked to verify.
