

July 3, 2020

Good Evening Shooters,

On Wednesday evening Governor Lujan Grisham issued a new health order requiring persons traveling from another state other than New Mexico by either air or car to self quarantine for 14 days upon entering the state. Potential fines would be assessed to the individual entering the state. We don't want our out-of-state shooters to be placed in this situation. This placed a tremendous burden on the NRA Whittington Center and after careful consideration we (NRA Whittington Center & the New Mexico State Trapshooting Association) **decided to cancel this shoot.** The New Mexico State Shoot has been **re-scheduled for August 27 -30** and the new shoot will be available on Presquad starting at 5:00 pm Mountain Time on July 4, 2020.

We have been working with ATA staff and they are making arrangements to get a Colorado & Texas site available to those of you who wish to shoot the Southwestern Zone shoot. New Mexico shooters will be able to shoot the Southwestern Zone shoot at either the Albuquerque Trap Club or the Southwestern Shotgunners Club in Silver City. **Out-of-state shooters attempting to shoot in New Mexico at this time will be turned away and you will be required to self-quarantine for 14 days.**

Those of you that had RV reservations at the NRA Whittington Center are encouraged to call them and cancel/change your reservation. Their phone number is 800-494-4853.

We hope that you understand why we needed to take this action and hope that you consider attending our State Shoot in August. Weather should still be very nice and hopefully we will be past these public health orders.

Stay Safe & Good Shooting!

Joel Schram  
President  
New Mexico State Trapshooting Association
