LETTER FROM THE PRESIDENT

1900 — 2023

124 Years of Excellence

Greeting Fellow Trap Shooters

I would like to welcome everyone to the 124th Oklahoma State Trap Shoot. I would like to start out by thanking the Board of Directors, the staff, volunteers, & those who sponsored our ads & program, & for all the hard work that has been put forth to make this shoot a success.

There are several improvements that have been made to the facility thus far, & more are planned for the future. With all the donations & hard work, we are growing.

Thanks to Doc Koper for his donations of the gravel & the new (future shade) trees he planted.

Also thanks to Robert Rimer for his monetary donation towards our new lighting.

If you have any question or a problem please contact one of the Board of Directors, or myself.

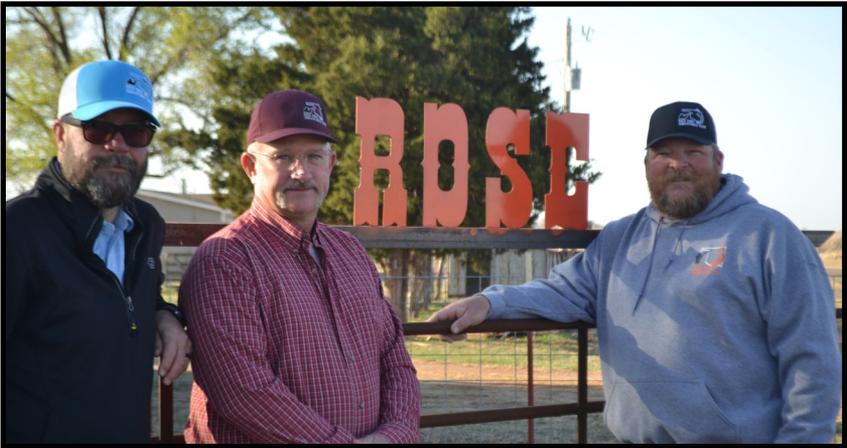

I hope everyone shoots well & has a great time, & above all, be safe. Thanks for attending the 2023 Oklahoma State Trap Shoot.

Once again, thank you for coming.

Mike Grove
President, Oklahoma Trap & Skeet Association

2023 Hall of Fame

Mickey McGee, Paul Hightower, Monte Tucker

The OTSA Board of Directors voted to induct a team to the Hall of Fame in 2023. The team of Mickey McGee, Paul Hightower & Monte Tucker have been active in supporting youth shooting and development across 3 different organizations; the 4-H, State Scholastic & AIM shooting programs. They helped bring all 3 of these programs together to compete in a new event that started in 2022 as part of the Oklahoma Youth Expo.

Monte Tucker

I was 10 years old with a single shot, break-over, pull the hammer back .410 H&R shotgun when I eagerly stepped out of my dad's pick-up truck on this thing called a "trap range" in Sayre, OK with a 3/4 full box of shells & a blaze orange quail hunting vest. My dad kept trying to explain what a trap field was but all I had on my mind was a chance to do what I loved & that was shoot! I had no clue what I was even going to shoot. My dad knew a couple guys named Jim Woods & Jimmy Brown that were already lined up & firing at these little orange discs being slung out of this cellar. They gave me some squishy foam things to put in my ears, a pair of glasses that were way too big, led me to this sidewalk, lined me up & told me to shoot the disc after I holler "pull." I hit the first one I ever shot at! Everyone was surprised but me, I simply thought that was what I was supposed to do. I don't recall hitting many more out of my half empty box that evening, but I do remember them telling me to come back for the 4-H practice.

I soon found out a .410 wasn't exactly the best gauge & my folks found out it wasn't the cheapest. An older 4-H teammate let me borrow a 20ga for the rest of the practice season. I scraped & saved and bought a Remington 1100 12ga "Trap Special" off Jimmy Brown which he won at a shoot in Arizona. I kept practicing & made the Senior 4-H squad as a Junior with an invitation to go to El Reno & compete in the state 4-H shoot.

I still remember pulling into OTA the first time as a young boy. It was huge! Like 15 miles of trap houses with these, new to me, towers on each side & a giant club house in the middle. I remember I didn't do so hot, but my team won a medal! I was hooked. I still remember my dad digging a MEC 600 Junior reloader & a keg of powder out of our attic, & me begging my parents to stop at Gene Sears to buy me more shot, wads, powder, & primers. I still remember

Mr. Sears giving me a new crimping mold, a bag full of AA hulls & some advice because I couldn't get my reloads to close right.

Fast forward about 20 years when my wife saw a Facebook post about some folks re-starting the local 4-H trap shooting club. I had a 13-year-old son who was ready to try it.. So, I took him to practice with my Remington 1100 Trap Special & he was hooked.

As more local kids showed an interest in this growing sport, I joined in with some great people & we formed a non-profit organization, The Red Dirt Shooting Club, & leased & fixed up the original trap range in Sayre where I shot my first target. With excited kids & a super supportive community, we have grown the one trap house club to two fields, a clubhouse & skeet field. But, our 4-H kids wanted more. We then got involved in the ATA's AIM program. This was the perfect avenue for our kids to get more exposure & targets. We didn't know that when this Red Dirt Shooting Club first met & organized it would lead ourselves & our youth to the kinds of opportunities it has, mainly the college scholarships offered to our graduating shooters!

With this sport gaining popularity, Mickey McGee, Paul Hightower, & I had a crazy idea for a state-wide, high school shooting-event-thingy. We kicked it around for a year or so & then I approached the Oklahoma Youth Expo (OYE). These folks know how to host big-time, youth events. They agreed to try it. The Inaugural OYE Shotgun Sports Contest was held in September of 2022. We had 733 kids show up to compete! We expect more than 1000 in the fall of 2023. Our crazy idea is still growing.

I have had some try to flatter me by labeling me as great shooting coach, but I'm not. I just show up at the range, unlock the clubhouse, set out some foam, squishy ear plugs & safety glasses & load the thrower. I might give advice now & then, but I believe showing up is 99% of seeing kids succeed. I found my love again for shooting sports as I get to spend time on our small, local 2-trap range, at the Oklahoma State Shoot at OTSA, and the Grand in Sparta with my family & friends. The time spent & a lifetime of memories made are priceless. That is why I try to recruit & inspire other youth & their families to join in on great memories & experiences & maybe the financial benefit of full ride scholarships at college to shoot a shotgun! I simply want others to get that opportunity to go with Dad, Mom, Grandpa or Grandma to this unknown place called a trap range & shoot this orange disc flying out of a cellar.

Paul Hightower

I was introduced to the sport of trapshooting in 2016 by my dear friend Mickey McGee. Mickey who came to me & said, "You know Paul, we need to really look at this 4H Shotgun Shooting sports." My wife & I looked at it & went to a school to get certified to coach our Beckham County program. After we got certified Reece, Klayton, Mickey & I started practicing in my front yard every other day with a Champion Easy bird thrower mounted on a garden cart trailer.

We entered the two boys in some shoots & had instant success. The boys either won or placed in every 4H event we entered. In 2017 Mickey again, you will see a pattern here, said "Paul we need to look at this ATA/AIM organization." Mickey allowed that we need to be in that. So, we signed the kids up in the ATA/AIM program to which they had great success. Our two little-man shooting team grew to 15 kids that year. We were having practices in the backyard on the edge of my wheat field. Mickey, Kay, & I got to talking about the old Sayre Gun Club as a place to practice. We got the details from the city of Sayre and spoke to the board members of the gun club about leasing it, or taking it over with Mr. Jimmy Brown being in poor health. They agreed to allow us to take run the club, but we had to fulfill a promise. Jimmy Brown always wanted a championship brought back to Beckham Co. We did just that the first year of operation. We brought back a Senior Division 4H championship & set a record of 149/150 targets broke at that 4H State shoot. I have been blessed to be a part of something so great with these youth groups. We have had several 4H championships in both trap & sporting clays, as well as skeet. We have experienced success in the ATA/AIM programs as well, bringing back National Championships from the Grand.

After leasing the Sayre Gun Club & starting the Red Dirt Shooting Club, Monte Tucker joined us, & I twisted his and Mickey's arms to become 4H certified. The pattern changed, it went from Mickey adding ideas to both of them brainstorming, & the term around our board meetings became "Hey Paul what do you think about this", to which my reply has always been "Let's do it". We are three of the most competitive guys you will ever meet. If you were to have a shoe tying contest, we would be the first to enter although we hate bending over these days. This past year Monte, Mickey & I got to see a crazy idea we had come to life, the Inaugural OYE Shotgun Shooting Sports Competition. Our crazy ideas keeping growing like a bad weed with ample amounts of water.

I became the Oklahoma State AIM director a few years ago & created a board with Mickey, Monte, Roger Diller, and Jay Sliger. My goal has always been to provide the best opportunity for our State & Local youth. We went to one of our first ATA shoots in Amarillo, TX in 2017 and the gentleman that was classifying told me 'Thank you for bringing these kids & introducing them to the sport'. He explained that the sport was in decline in membership and there was not much interest in it. So, I started a mission to recruit every kid that came along. We now have 50 kids enrolled in our 4H program & last year at our AIM state shoot there were 85 kid's entered in the state shoot. This year we hope to have 100+.

There is nothing more gratifying than helping a kid out, & hopefully have a lasting impact on their life. To me there is nothing more satisfying than to be a part of a kid that breaks his or hers first target, then those first 25, 50, 75, or 100 straights. To see a kid, build self-confidence that they can conquer the world when they might not have the opportunity somewhere else is what I am about as well as promoting & growing a sport, a sport of Kings.

The impact that this sport has had on me & my family is second to none. We have literally made friends, & some that I consider family, all over the United States. It has been said that it takes a tribe to raise kids these days. We are a tribe. It has been said that to be successful you must surround yourself with like-minded people. The success & growth that has happened I share with Mickey and Monte & the regular conversation starter of 'Hey I've got a crazy idea, what do think'. I want to thank the OTSA board of directors for your kind thoughts and nomination for putting us in the Oklahoma Trapshooting Hall of Fame.

Mickey McGee

In 2016 my son, Klayton McGee & I were introduced to trap shooting. Little did I know that it grow into such a large part of our lives.

Trapshooting has given both of us opportunities to travel the United States & meet people from coast to coast. It provided a way for Klayton to shoot for collegiate national championships. Trapshooting has given me the opportunity to make life long friends.

I openly admit that at this time I do not shoot but I still travel to shoots to support our youth. Coaching & aiding in growing the youth shooting sports has been one of the most rewarding opportunities that I have been given. It truly is a sport that I have witnessed change the course of life for many of our youths. Watching our youth develop into adults, leaders, national champions, & many other directions is why many of us continue to do what we do.

I believe it is imperative that we as adults continue to develop & lead our youth into shooting sports. Trapshooting provides an opportunity to teach many other things than just winning. The mental fortitude to keep moving forward when things are not going right. To train until you can't get something wrong. To shake the hand of a competitor & be companions when you walk off of the line.

It is a great honor & a privilege to be a small part of this sport. My family & myself look forward to many more years to be involved in trapshooting.
