Dear Shooters

Welcome to the 38th Annual TIPPECANOE VALLEY CHAMPIONSHIPS, a club tradition held here annually and a favorite for many of our regular shooting friends. All shooters and their families are invited to a free Smoked Pork, Chicken and Beef & Noodles Dinner on Saturday following the day's program. Actually we will start serving in the neighborhood of 5:00-6:00 pm. This meal has been served the past 36 years and has been enjoyed by all who stayed.

The shoot format for 2025 will repeat the format used in 2024. Given the recent shift to a greater number of entries in the 16 Yard Event rather than in the Handicap Event and in an effort to provide the best possible lighting conditions for **ALL** Doubles entrants, the Doubles Event will again be held on **SUNDAY** immediately following the Handicap Events rather than on Saturday after the 16 Yard Event as it was scheduled several years past.

In addition to making lighting conditions more fair for the Doubles Event it should also allow for better lighting conditions for the 16 Yard shoot-offs and a more relaxed environment for the Shooter Appreciation dinner on Saturday evening.

Obviously in order for this change to succeed, your participation in helping move the Handicap Events along as quickly as possible is just as necessary as it was in the 16 Yard Event in previous years. THANK YOU in advance for your co-operation !!

The 16 Yard Event on Saturday and the Handicap Event on Sunday will be shot 50 targets per trap in two sub-events of 25 targets each, 5 targets per post. Shooters will alternate banks (A & B) for each 100. The Doubles Event will be shot in two sub-events of 25 pair per trap using two banks, two traps per bank.

Thanks for another great season ...

Don Barker
Mike & Diana Powell

CLASS HIGH OVER-ALL AWARDS

Determined by the Class you are assigned to in the 16 Yard Event

- ☐ SPECIAL CATEGORIES, including "NOVICE CLASS" must be declared verbally at the time of classification. It is the responsibility of the shooter to review his/her classification receipt and ensure that such declaration is correctly noted. In case of an error, the shooter must notify the Tournament Office of the error before firing his/her first shot in an event. A shooter automatically regains his/her eligibility for SPECIAL CATEGORY awards for all events he/she shoots their first target in AFTER the error has been reported and for High Over-All awards if the correction has been made prior to firing his/her first shot in the Doubles Event.
- ☐ Shooters with less than 500 targets per event (or 300 for Doubles) in the 2025 and 2026 target years combined are subject to penalty classifications of "B" for the 16 Yard and Doubles Events and Penalty Yardage of their current ATA Yardage PLUS 2 yards for the Handicap Event, MAXIMUM of 25 yards per ATA Rules.
- ☐ Classification for the 16 Yard & Doubles Events will be taken from the Shooter's 2025 and 2026 Averages as shown on their 2026 ATA Average Card or equivalent. If you keep your averages in some format OTHER than an ATA Average Card, You MUST make available both your 2025 and 2026 target year counts and averages.
- ☐ Shooters are required to have their averages correctly calculated and legibly entered on their average card or equivalent. PLEASE have your average card and plastic membership card ready when reporting for classification and/or squadding. Failure to do so will cause delays in the classification process for yourself as well as other shooters.
