Dear Shooters

This is the 31st Anniversary of the SPRING SILVER SHOOT, GEEZ, has it been that long ?? An event initiated during my first full year of managing Fulton County Gun Club. During the past thirty years, this event has become a springtime favorite for many of the shooters. If you are one of the many shooters who have regularly enjoyed this event, THANK YOU for your continued support. Should this be your first time to experience the SPRING SILVER SHOOT, I appreciate your patronage in advance and hope this event will become one of your personal favorites.

Awards will be similar to last year's event, consisting of silver bullion (1 oz. Silver Eagles, Morgan Silver Dollars or Eisenhower Silver Dollars, depending on event and placement mounted in quite nice presentation boxes. Obviously these awards have significant monetary Value, given current market prices in addition to the "trophy case" value for our award winning shooters and have some value to be passed on to family members, grandchildren, etc., if you choose. As always, I welcome any comments you may have on the appearance and value of this year's awards.

There will be a "Special Event" held on the 2nd 100 of the Handicap Event, please see the "Special Event Rules" page in this program for further details.

Please read the "PROGRAM NOTES" shown on the High Over-All awards page towards the back of this program.

*Let's keep it safe .. ENJOY the weekend !!

CLASS HIGH OVER-ALL AWARDS

Determined by the Class you are assigned to in the 16 Yard Event

- SPECIAL CATEGORIES, including "NOVICE CLASS" must be declared **verbally** at the time of classification. It is the **responsibility of the shooter** to review his/her classification receipt and ensure that such declaration is correctly noted. In case of an error, the shooter must notify the Tournament Office of the error before firing his/her first shot in an event. A shooter automatically regains his/her eligibility for SPECIAL CATEGORY trophies for all events he/she shoots their first target in AFTER the error has been reported and for SPECIAL CATEGORY High Over-All awards if the correction has been made prior to firing his/her first shot in the Handicap Event.
- Shooters with less than 500 targets per event (300 targets for Doubles) in the 2025 and 2026 target years **combined** are subject to penalty classifications of "B", subject to known ability, for the 16 Yard & Doubles Events and Penalty Yardage of their current ATA Yardage **PLUS** 2 yards for the Handicap Event, MAXIMUM of 25 yards per ATA Rules.
- Classification for the 16 Yard & Doubles Events will be taken from the Shooter's 2025 and 2026 averages as shown on their 2026 ATA Average Card or equivalent. If you keep your averages in some format OTHER than an ATA Average Card, YOU MUST make both your 2025 and 2026 target attainment and averages available at classification.
- Shooters are required to have their averages **CORRECTLY CALCULATED AND LEGIBLY ENTERED** on their average card or equivalent. **PLEASE** have your average card and plastic membership card ready when reporting for classification and/or squadding. Failure to do so will cause delays to yourself as well as to other shooters during the classification process.
