New in 2026!

Our 2025 Fall Wednesday Morning/Friday Night Trap League was a huge success thanks to all our loyal shooters! We will be starting up the 2026 Spring Wednesday Morning/Friday Night Trap League on March 4th & 6th. It will be the same format with a couple of changes, stay tuned for more details!

New LED lights for traps two, three and four are shining bright! North End applied for and received a club improvement grant from the ATA for the purchase and installation of new poles, LED lights and electrical supplies, but a BIG thank you goes out to life member Bob Kappe and the estate of Rich Geyer for their generous donations towards this project. We would also like to thank all the members that donated their time, talents and labor to get the trap sights ready for the contractor to install the poles/light as well as the members completing the electrical connections on all three traps. This was a huge cost savings for the club. JOB WELL DONE FELLAS!

North End Gun Club would like to thank everyone who attended anyone of our shoots in 2025. We appreciate your continued support. We would also like to thank everyone who volunteered their time to help make these shoots and our club a better place. Every minute, hour and day is needed and appreciated by all members, Officers and Board.

Please consider patronizing our valued sponsors in this book, as their advertisements help make it possible. Thank you and hope to see you shooting in 2026. Good luck to all !!
