WELCOME SHOOTERS,

On behalf of the Board of Trustees, staff and volunteers, please accept our invitation to attend the 2020 Southwestern Satellite Grande hosted at the NRA Whittington Center. We are extremely proud of our facility and look forward to welcoming you as our special guests.

To help ensure a successful event, we have secured \$15,000.00 in additional prize money from a donor and true friend of the shooting sports. The additional prize money will be awarded Sunday afternoon to Men's and Women's Handicap Champions with \$10,000.00 going to the Men's and \$5,000.00 to the Woman's.

Founded in 1973, the NRA Whittington Center in Raton, New Mexico, remains a treasure of the National Rifle Association, with more than 33,000 acres and 22 ranges devoted to all shooting disciplines. The Center offers exceptional guided hunting opportunities, expert firearms training, lodging, cabins, camping, youth programs, a world-class museum, and much more.

As the Center continues to expand its capacity, the addition of six trap fields made it possible to host the 2019 inaugural NRA Southwest Trap Championship. Currently a major renovation of the Shotgun Center is underway that includes additional lobby and check in space, expanded dining capacity, and the installation of state of the art lighting on several of the trap fields.

In a typical year more than 110,000 are welcomed as they pass through the gates of our southwestern retreat. Some come to enjoy the wildlife and scenery, while others come for shooting sports competitions or Whittington U firearms training courses. Every day, people from across the United States and around the world are discovering what the Center has to offer.

In addition to the best backdrop anywhere in the world for shooting, you'll be here at our favorite time of the year. The scenery is breathtaking, the wildlife viewing opportunities are outstanding and you'll very likely hear bull elk bugling in the early morning or late afternoon.

Please consider joining us for what promises to be a shoot you don't want to miss! We look forward to welcoming our old friends and making new friends as we show the Center to our first time guests!

Rules and Regulations

- 1) Should you win or tie for high in class in any 16 yard or Doubles event or earn yardage in any Handicap event, it shall be your duty to report to the Handicap Desk and have your classification reviewed or yardage punched. Any shooter whose class or yardage is changed for any reason shall be considered to have been notified when the new class or yardage is posted on the bulletin board. Mandatory move up starts with Events #10 and #12. In all events that include class advances all shooters (regardless of category) with scores that equal or exceed the score of the class champion will be advanced starting with the next like event.
- 2) Any shooter failing to carry out rule #1, or who shoots in a class or yardage higher or lower than that assigned by the Handicap Committee will be subject to penalty and will not be eligible to share in any money division or trophy whatsoever.
- 3) CATEGORY SHOOTERS: (See Rule X.D)
 - At all tournaments where All-American points will be awarded in any event, shooters may declare only one category (i.e. Lady I, Lady II, Sub-Junior, Junior, Junior Gold, Sub-Veteran, Veteran, or Senior Veteran) Note: Chair shooters are exempt from this rule. Any shooter who is tied for event Champion may shoot-off/carry-over for the Championship trophy. If a shooter fails in the championship trophy shoot-off/carry-over and has declared a special category at the time of classification, the shooter can fall back to the declared category. Any shooter who has declared a special category at the time of classification and whose score qualifies for any trophy in his/her declared category, will compete for the category trophy and not for place, class or yardage group. Any special category shooter, whose score does not qualify for a trophy in his/her category, may compete for place, class or yardage group trophies. Once any declarations have been made either by shooter or shoot management, the declaration is final and cannot be changed. The only exception to this rule will be to correct an ATA classification error. All Ladies I, Ladies II, Sub-Juniors, Juniors, Junior Golds, Sub-Veterans, Veterans and Senior Veterans must declare their special category at the time of classification in any registered tournament if they wish to compete as a category shooter. Without such declaration, the contestant will not be allowed to compete for the applicable category trophy for the duration of the tournament. No contestant will be allowed to declare or change a special declaration after firing his/her first shot. Failure to declare your classification does not constitute an ATA classification error. Please check your classification receipt before leaving the classification window. There will be no exceptions to this rule other than noted above.
- 4) Each shooter who is entitled to receive money won during any event agrees that if such money is not received by him/her during the period of this tournament, a check in payment for the money won may be mailed to him/her at the address indicated by ATA records, and when mailed the Club will not be liable in any manner whatsoever for any check lost, stolen, unclaimed, undelivered or otherwise not received by the shooter.

Target Requirements

All target requirements described below in items #5, #6, and #7, **MUST** be met before firing a shot in the first event of the HOA – EVENT #4 (Wednesday 9/30). After meeting the target requirement, please return to classification. Any reclassification must occur prior to your paid Entry into the first event of the HOA (EVENT #4 - Wednesday 9/30).

After the first HOA (Event #4) is completed, class and yardage may only be INCREASED.

- 5) Shooters who do not have a total of 1000 16 yard targets registered with the ATA in the current and previous year shall be placed in Class B or higher at the discretion of the Classification Committee.
- 6) Shooters who do not have a total of 1,000 doubles targets registered with the ATA in the current and previous year shall be placed in Class B or higher at the discretion of the Classification Committee.
- 7) Assigned yardage applies during this tournament. Shooters who do not have a total of 1000 Handicap targets registered with the ATA in the current and previous year will be assigned

to the 23 yard line or their regular handicap yardage, whichever is greater. Handicap target requirements will be waived for shooters age 70 and over, making them eligible for trophies and monies... Known ability may also be applied by the handicap committee. Shooters who fail to meet the minimum handicap target requirements as described above may shoot "Targets only" from their assigned ATA yardage provided they waive and forfeit all rights to options, purses, added money and trophies including HOA and trophies.

- 8) Targets will be set each morning at 7AM or upon daylight according to ATA rules. Targets will only be reset if they have become illegal or in between events.
- 9) Management shall appoint a judge or judges to be called upon for ruling on various matters when the occasion arises. If a judge has not been appointed, the President of the club, or in his absence, the Secretary shall act as judge. The scorer must call upon the judge to settle any controversy regarding a score or when he has made an error by being ahead or behind in his scoring.
- 10) Management will not be responsible for errors in scores after the options have been posted. Shooters should use the electronic bulletin board and the score board to check their scores and notify Shoot Management immediately if a discrepancy is noticed. SCORES BECOME FINAL ONE HOUR AFTER THE CONCLUSION OF THE EVENT.

MADE FOR SHOOTERS... BY SHOOTERS

No twisting? No wrench? No time wasted? No sh*t?

We're all human.

Let's face it. We're all human, and we're much more likely to do something we should do, when it's easy. It's just human nature. All other things being equal, we'll make the easy choice.

Well, what if the easy choice was more than just easier? What if the results were better? What if it was easier, faster, and better? The 360CLICK 1-turn choke connection system is the first major leap forward in choke design in years. And we mean major!

It's all so simple.

360CLICK chokes, after installing adapter, solidly mount with slightly less than one full turn as compared with currently existing chokes that require up to 18 turns to securely mount.

Sorry, no more excuses.

What could be easier? Nothing we know of!

What could be faster? Doesn't exist! What could be better? What could be

One and Done
1-Turn Choke Connection System
from Briley P²

better than shaving valuable seconds offa necessary choke change so you can spend those seconds planning your shot. What could actually be better than making an easy, quick change—c'mon, you know you should make that

change—to score better, no matter what your game?

The **360CLICK** connection system is currently available in Browning Invector Plus, Beretta Optima HP, Beretta Mobil, and Blaser, with more configurations to follow.

Is there an easy way to get your hands on 360CLICK?

Absolutely! Come by the Briley showroom in Houston, or go to Briley.com for more information. It's really very easy.

Additionally the Center operates the Frank Brownell Museum of the Southwest, which showcases firearms and events that have shaped the region.
