

**Congratulations to
Illinois ATA Delegate
Lauren Mueller
The new Executive Director of the
World Shooting
& Recreational Complex!**

Congratulations to Illinois ATA Delegate Lauren Mueller!

Lauren has accepted the position of Executive Director of the World Shooting and Recreational Complex (Sparta IL).

Lauren's extensive accomplishments on the firing line are paralleled by her experience of leading the management of the Brittany Shooting Park (Bunker Hill, IL). Brittany has been the site of the very successful and highly regarded Illinois State Trapshooting Championships for many years.

A graduate of Lindenwood University (St Charles MO) and a multi-year member of the National Collegiate Clay Target team, Lauren's grandparents, Larry and Carole Mohr were the founders and owner/operators of the Brittany Shooting Park.

I am very grateful that this position will be held by an individual with diverse and vast knowledge of trapshooting, the ATA and the Grand American. This is great news for our sport and Association and will further enhance and fortify the already strong relationship between the ATA and the Illinois Department of Natural Resources.

Best Wishes Lauren!

Lynn Gipson
