

Please note Section IV, H. 4. (page 13) of the Official ATA rules:

***“4. Practice (non-registered) shooters may not participate in registered events, nor shall anyone be allowed to shoot registered events on a non-registered basis. This Rule shall not apply during Registered League Shooting or Big 50 events.”***

To further clarify, except for Big 50's and registered leagues, non-registered shooters (whether they are ATA members or not) may NOT shoot on the same squad or in the same event as ATA registered shooters. EVERYONE entered in the event must be ATA members and registering their scores.

Violation of this rule may result in the disqualification of all scores for the event and disciplinary action against the gun club including cancellation of future ATA registered shoot dates.
