

# Shoot Attendance 2021

The following shoot attendance figures and Competition Factors were used in selecting the 2022 ATA All-American teams (based on 2021 target-year accomplishments).

Grand American Week events ("Championships" in the table below) have a fixed Competition Factor of 10; Grand American Preliminary Week events ("Preliminary" in the table below) have a fixed Competition Factor of 8.

For all other shoots, the Competition Factor is determined by entry figures in the three championship events, as shown. Satellite Grand Americans and ATA Zone Shoots have a minimum Competition

Factor of 3 and a maximum of 7; state/provincial shoots plus "Other Major Tournaments" have a minimum Competition Factor of 2 and a maximum of 7.

All "Other Major Tournaments" which met the qualifications to be All-American Points-earning shoots in the 2020 ATA target year (or 2019, if a 2020 tournament did not take place due to local COVID-19 restrictions) were automatically All-American Qualifying Shoots in 2021 as well; however, each shoot's Competition Factor was determined by its 2021 attendance.
