# Pre-Squadding

## ALL PRE-SQUADDING SHOOTERS MAY SELECT THE SQUAD AND POST OF THEIR CHOICE FOR EACH EVENT!

1. The trap line that will be used for the US Open will be divided into 3 sections, and each section has several shooting banks within. Please refer to the map on page 13 and note that the trap line has been renumbered for this tournament. The “A” and “C” fields adjoin each other and are the only two fields for each bank. There are no “B” and “D” fields. All events will be shot 50 targets each on the adjoining “A” and “C” fields. For ease during pre-squadding, please also note that the map shows which banks we plan to use each day of the tournament. The number of banks may be increased if attendance dictates. Not all sections are used every day.
2. Pre-squadding will only be available through the ATA website, [www.shootata.com](http://www.shootata.com), by selecting the link on the home page titled “US Open Pre-Squadding”.
3. In order to pre-squad, you will be required to furnish your ATA number and those of the shooters you wish to squad with you.
  - a. First, enter all the ATA numbers of those you wish to pre-squad. You don't have to position them to their post preference in the list; however, it will make pre-squadding easier and faster if you do so. Clicking the lock icon will lock them so they will not move. Clicking it again will unlock it. Clicking the red “X” will remove them from the list. You can enter more than 5 ATA numbers and move them around in the list as desired.
  - b. Select an event to view that event's squad matrix.
  - c. Select a squad that you would like to pre-squad on.
  - d. Move the ATA number(s) to the selected squad by clicking the appropriate arrow or the “Squad All” button to move them to their appropriate post(s).
  - e. Click the Reserve button to reserve that squad for that event.
  - f. Repeat for each event you want to pre-squad for.
  - g. When finished pre-squadding for all events, click the Checkout button.

4. In the case of yardage differential on Handicap events, you will be able to squad your list of shooters on individual squads. Only move the ATA numbers to their posts for those whose yardage meets the ATA's yardage differential on a squad. Handicap squadding will be done in strict accordance to the ATA rules.
5. You can find where your friends are squadded by selecting the "Find where a shooter is squadded" link on the top, right of the page.
6. A non-refundable service charge of \$2 per post, per event is due at Checkout of the pre-squadding process. Your pre-squad posts will be opened back up if you exit without paying and will not be held.
7. You will receive a confirmation email after your payment has been processed, listing all your pre-squadded positions. You can unsquad a purchased reservation by selecting the "Un squad Purchased Reservation" link on the bottom, left-hand side of the page. No refund will be given for those who unsquad their reservation.
8. Pre-squadding will open on April 25, 2025 at 7:00 pm, Central Daylight Savings Time, and will close on May 20, 2025 at 6:00 pm, CDST.

## PLEASE NOTE!

**ENTRY** – Your entry will not be considered made until you have PAID. After initial entry, you may return to cashiering and add options prior to the start of an event; however, options may not be removed from an entry at anytime. Personal checks will be accepted in US funds only for the amount of the entry. MasterCard, Visa, Discover and debit cards will be accepted for entry & options.

**RELOCATION OF SQUADS** – Please note that trap line personnel have the authority to move squads to different nearby traps at any time. This will be done in an effort to expedite the progress of events.

**GOLF CARTS** – Must have proof of insurance, **operators of carts must have a valid driver's license**. See pages 22 & 23 for all requirements.

**PRE-SQUADED SHOOTERS** – that do not pay for the first event of any day 30 minutes prior to the first event of the day risk having all pre-squadded positions for that day opened up.

**WIFI** – is currently unavailable to the entire campground at the WSRG. Limited wifi will be available at the main shower house, event center, and vendor buildings. We suggest the usage of personal wifi hotspots while visiting for the US Open.

# Classification

1. All Shooters MUST present their plastic ATA membership card AND a paper ATA average card with all scores year to date and Singles and Doubles averages computed. An average card printed from the shooter information center of the ATA website is encouraged.
2. Classification will be based upon average AND known ability.
3. The target requirements for this shoot, described below in item #7, must be met before May 23, 2025. Any targets shot in preliminary events (Events #1, 2, and 3) may be used to reach the target requirement. After meeting the requirement, by shooting these events, shooters must return to classification to be reclassified BEFORE paid entry into Event #4. After completion of the first HOA event (Event #4,) class and yardage may only be increased.
4. Anyone may shoot for “targets only” without penalty yardage; however, they will not be eligible for any trophies or options. Irrevocable decision must be made at time of classification.
5. All Lady I, Lady II, Sub-Junior, Junior, Junior Gold, Sub Veteran, Veteran and Senior Veteran shooters desiring to compete for trophies in these categories must declare their category at time of classification. Without such declaration, the shooter will not be allowed to compete for special category trophies. A shooter eligible for special category designation is not required to declare a special category. It is the shooter’s responsibility to verify proper classification before leaving the classification area. The declaration (or lack thereof) is binding for the duration of the shoot.
6. ATA rules regarding fallbacks (Section X,D.) will apply to all trophies in this tournament. It is recommended that category shooters be familiar with these rules.

# TRAP FIELD USAGE BY DAY

# Squadding

1. The trap line that will be used for the US Open will be divided into 3 sections, and each section has several shooting banks within. Please refer to the map on page 13 and note that the trap line has been renumbered for this tournament. The “A” and “C” fields adjoin each other and are the only two fields for each bank. There are no “B” and “D” fields. All events will be shot 50 targets each field on the adjoining “A” and “C” fields. For ease during pre-squadding, please also note that the map shows which banks we plan to use each day of the tournament. The number of banks may be altered if attendance dictates. Not all sections are used every day.
2. You will enter your squadding preferences by using the touch screen system.
3. You **MUST** have your plastic card to squad. After swiping your ATA card, and the cards of others that you wish to squad with, you will select the event that you wish to squad for and preferred post(s). After providing your preference of an early, middle, or late squad and preferred bank section, and which of these two is most important, you will be shown six (6) possible squads on the screen from which to make your selection.
4. After making your selection, you will assign shooters to posts. You will then be given the option of squadding for another event, or exiting the squadding process.
5. In the case of yardage differential on Handicap events, you will be able to squad your list of shooters on individual squads, if necessary.
6. When squadding a group of shooters with yardage differential, it is recommended that you squad for all Singles and Doubles events first, and then squad the first group of shooters that can shoot together on Handicap, followed by the next group that can shoot together.
7. Handicap squadding will be done in strict accordance to the ATA rules.
8. A shooter may squad for only one position per event.
9. Squadding by telephone will not be allowed. If you draw squad positions that will not be used for an event, please return to squadding, or use one of the self-service kiosks to release your position. Anyone that does not release unused positions will risk having any or all subsequent pre-squaddened positions in their name released by Management.
